THE DAILY AND CLASSIFICATION

SCHOOL REGISTER

For Rural and Grade Schools

Contains Forms For Daily, Monthly and Yearly Records

DIRECTIONS

1. Make all entries, carefully, with ink.
2. Indicate presence of each pupil by a blank.
3. Indicate absence by letters showing the cause of absence, thus: R indicates weather conditions; S, sickness; T, work; V, visiting; X, other causes.
4. E indicates date of entering school.
5. D indicates date of leaving school.
6. 5, 10, 15 in attendance space indicates minutes tardy.
7. To find the "Average Daily Attendance" divide the "Total Days Attended" by the number of days school has been taught during the month. The total days attendance is the sum of the days all the pupils attended during the month.
8. File additional copies of reports to parents, schedules, bi-monthly or quarterly questions, programs and all official information from the County Superintendent's office in pocket in back of this register for ready reference.
9. At close of school year, file in pocket a copy of grades of bi-monthly or quarterly examinations and such additional information helpful to your successor or suggested by your Superintendent.
10. This register was arranged with the idea that a record should be made of those essentials a County Superintendent of Schools emphasizes.
11. This register, if well kept, tells the story.
12. Bear in mind that a well kept register indicates a live teacher is on the job and the proper place to keep the register is at the school building.

DIRECTIONS FOR FILLING OUT THIS PAGE

The average grades for the year should represent the teacher's best judgment as to the work the pupil did during the year. In general, the average grades for any pupil, should be the average of all examination grades made within the year. Daily grades may be averaged with the exmination grades if desired. Teachers should be very conscientious in marking these grades. Do not deceive pupils and parents by giving higher marks than pupils are justly entitled to. The teacher should show clearly by this record, whether or not the pupil has satisfactorily completed the year's work. If the pupil is promoted indicate the work which he should take next year, as 8th, 7th, 6th, etc., in the column headed "Promoted." If not promoted indicate the year's work he will take in the colmn headed "Not Promoted." A record of all grades made in the Bi-Monthly or Quarterly Examinations sent out by the County Superintendent of Schools should be carefully made and filed in the pocket at the back of this register.

OTHER HONORS WON BY THE PUPILS OF THE SCHOOL

Edwin Skaer represented Lee County at State Spelling Contest.

Dora O'Neill represented Lee County to the State Fair School of Domestic Science.

Joseph Bell represented Lee County at the Boys' State Fair School.

Laura Reynolds ranked first in the County Final Examinations in township and won Normal School Scholarship.

Miller School met requirements for a Standard School and was presented a Diploma by Co. Supt. Miller, January 20, 1931. Assistant State Supt. W. S. Booth was present on this occasion and addressed the school and patrons, most of whom were present.

TEACHER'S SPECIAL REPORT TO SUCCESSOR

The school spirit of patrons and pupils of this district is excellent.

The attendance and deportment is very good.

Three pupils were not promoted, due to illness and failure to grasp work readily. I suggested these pupils continue to be given special assistance.

The Directors have regular meetings on the last day of each month, examine schedule, school property and issue order for teacher's salary. A copy of pupil's grades is filed in pocket in back of this Register.

A Dictionary is needed for next term of school.

DIRECTIONS FOR FILLING OUT THIS PAGE

The average grades for the year should represent the teacher's best judgment as to the work the pupil did during the year. In general, the average grades for any pupil, should be the average of all examination grades made within the year. Daily grades may be averaged with the exmination grades if desired. Teachers should be very conscientious in marking these grades. Do not deceive pupils and parents by giving higher marks than pupils are justly entitled to. The teacher should show clearly by this record, whether or not the pupil has satisfactorily completed the year's work. If the pupil is promoted indicate the work which he should take next year, as 8th, 7th, 6th, etc., in the column headed "Promoted." If not promoted indicate the year's work he will take in the colmn headed "Not Promoted." A record of all grades made in the Bi-Monthly or Quarterly Examinations sent out by the County Superintendent of Schools should be carefully made and filed in the pocket at the back of this register.

DIRECTIONS FOR FILLING OUT THIS PAGE

The average grades for the year should represent the teacher's best judgment as to the work the pupil did during the year. In general, the average grades for any pupil, should be the average of all examination grades made within the year. Daily grades may be averaged with the exmination grades if desired. Teachers should be very conscientious in marking these grades. Do not deceive pupils and parents by giving higher marks than pupils are justly entitled to. The teacher should show clearly by this record, whether or not the pupil has satisfactorily completed the year's work. If the pupil is promoted indicate the work which he should take next year, as 8th, 7th, 6th, etc., in the column headed "Promoted." If not promoted indicate the year's work he will take in the colmn headed "Not Promoted." A record of all grades made in the Bi-Monthly or Quarterly Examinations sent out by the County Superintendent of Schools should be carefully made and filed in the pocket at the back of this register.

DIRECTIONS FOR FILLING OUT THIS PAGE

The average grades for the year should represent the teacher's best judgment as to the work the pupil did during the year. In general, the average grades for any pupil, should be the average of all examination grades made within the year. Daily grades may be averaged with the exmination grades if desired. Teachers should be very conscientious in marking these grades. Do not deceive pupils and parents by giving higher marks than pupils are justly entitled to. The teacher should show clearly by this record, whether or not the pupil has satisfactorily completed the year's work. If the pupil is promoted indicate the work which he should take next year, as 8th, 7th, 6th, etc., in the column headed "Promoted." If not promoted indicate the year's work he will take in the colmn headed "Not Promoted." A record of all grades made in the Bi-Monthly or Quarterly Examinations sent out by the County Superintendent of Schools should be carefully made and filed in the pocket at the back of this register.

The average grades for the year should represent the teacher's best judgment as to the work the pupil did during the year. In general, the average grades for any pupil, should be the average of all examination grades made within the year. Daily grades may be averaged with the exmination grades if desired. Teachers should be very conscientious in marking these grades. Do not deceive pupils and parents by giving higher marks than pupils are justly entitled to. The teacher should show clearly by this record, whether or not the pupil has satisfactorily completed the year's work. If the pupil is promoted indicate the work which he should take next year, as 8th, 7th, 6th, etc., in the column headed "Promoted." If not promoted indicate the year's work he will take in the colmn headed "Not Promoted." A record of all grades made in the Bi-Monthly or Quarterly Examinations sent out by the County Superintendent of Schools should be carefully made and filed in the pocket at the back of this register.

DIRECTIONS FOR FILLING OUT THIS PAGE.

The average grades for the year should represent the teacher's best judgment as to the work the pupil did during the year. In general, the average grades for any pupil, should be the average of all examination grades made within the year. Daily grades may be averaged with the exmination grades if desired. Teachers should be very conscientious in marking these grades. Do not deceive pupils and parents by giving higher marks than pupils are justly entitled to. The teacher should show clearly by this record, whether or not the pupil has satisfactorily completed the year's work. If the pupil is promoted indicate the work which he should take next year, as 8th, 7th, 6th, etc., in the column headed "Promoted." If not promoted indicate the year's work he will take in the colmn headed "Not Promoted." A record of all grades made in the Bi-Monthly or Quarterly Examinations sent out by the County Superintendent of Schools should be carefully made and filed in the pocket at the back of this register.

DIRECTIONS FOR FILLING OUT THIS PAGE

The average grades for the year should represent the teacher's best judgment as to the work the pupil did during the year. In general, the average grades for any pupil, should be the average of all examination grades made within the year. Daily grades may be averaged with the exmination grades if desired. Teachers should be very conscientious in marking these grades. Do not deceive pupils and parents by giving higher marks than pupils are justly entitled to. The teacher should show clearly by this record, whether or not the pupil has satisfactorily completed the year's work. If the pupil is promoted indicate the work which he should take next year, as 8th, 7th, 6th, etc., in the column headed "Promoted." If not promoted indicate the year's work he will take in the colmn headed "Not Promoted." A record of all grades made in the Bi-Monthly or Quarterly Examinations sent out by the County Superintendent of Schools should be carefully made and filed in the pocket at the back of this register.
